

A Multidisciplinary and Multidimensional Approach to Pituitary Tumors

Northwestern Medicine Catherine Gratz Griffin Lake Forest Hospital
Grand Rounds Presentation

Presented by Michael Walsh, MD

Dr. Walsh is a board-certified neurosurgeon and a member of the faculty of Northwestern University Feinberg School of Medicine Department of Neurosurgery, where he serves as regional chief of Neurosurgery.

Dr. Walsh's research interests include 3D animation and virtual/augmented reality, as well as their uses in teaching. He has a strong passion for patient education and co-founded a 3D animation company dedicated to using leading-edge storytelling tools to improve communication between clinicians and patients.

**Michael Walsh,
MD**

Learning Objectives

- List the initial steps to evaluating a pituitary tumor.
- Name the key anatomical structures in the pituitary region.
- Recognize the indications for observation, medical treatment and surgery for pituitary tumors.

Accreditation Statement

The Accreditation Council for Continuing Medical Education (ACCME) accredits the Northwestern University Feinberg School of Medicine to provide continuing medical education for physicians.

Credit Designation Statement

The Northwestern University Feinberg School of Medicine designates this live activity for a maximum of *1.0 AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Surgery-Accredited CME

Successful completion of this CME activity enables the learner to earn credit toward the CME requirement(s) of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit. CME credits will be submitted to the board by the end of the calendar year.

Session

Friday, April 17

7:30 – 8:30 am

How to attend

In person:

Hughes Conference Center
Rooms B/E
