

Isolation and Infection Patient List Columns

Impacted Locations	All
Intended Audience	Inpatient Physicians & APPs

Add columns to the Patient List Activity to quickly review current isolation status, and active infections for a patient.

Infection	Infection/Isolation ▲	
Rule-out COVID19	Rule-out COVID19	
COVID19	COVID19	&Airborne, Contact,
ESBL	ESBL	&Contact

Adding Isolation & Infection to an existing Patient List

1. Starting from the Patient List Activity, right click on an existing my List, and select Properties.

2. Search for Infection in the search bar.

General Advanced	Epic Monitor		
Name:	My Admitted Patients		
Available Columns 3 m	natches for 'infection'	infection ×	

3. Select one of the columns listed below, and **click Add Column**.

Note: to add both columns, add the first column, then use the Add Column button to add the second column.
