

How to Search and Request (enroll in) an NM COVID Online Curriculum

- From the **NM Learning & Performance** home page, click on the **Search** icon.
- Search for the curriculum by entering **NM COVID**.
- Click on the title of the appropriate curriculum. The possible choices are the following:
 - NM COVID Nurse Resource Pool Education: ICU**
Description: This education is intended for **nurses** who have ICU experience but have **not** worked in an ICU area recently. The curricula will provide the knowledge they will need to staff in an ICU area.
 - NM COVID Nurse Resource Pool Education: Med/Surg**
Description: This education is intended for **nurses** who are very novice or have been doing non-hospital based care. The curricula will provide knowledge to staff a Med/Surg COVID-19 floor.
 - NM COVID Respiratory Therapy Care**
Description: This education is intended for **nurses** and **other caregivers** who need knowledge on respiratory therapy care practices and procedures.
 - NM COVID Donning and Doffing Reusable Surgical Masks and N95 Respirators**
Description: This education provides instructions on how to don a used N95 mask, and how to wear, discard and store a surgical mask.
- Click on the **Request** button.

- Click on the **Open Curriculum** button to view all of the curriculum's components. Click on the component you want to open.

After you have requested the curriculum, you can also open the curriculum and any components that you have requested (enrolled in) on the **NM Learning and Performance** home page under **Learning Actions** (see example below) or from your **Learner** home page under **Assigned/In Progress** (see example below).

Learning Actions			
	Due Date	Status	Action
NM Covid Nurse Resource Pool Education: Med/Surg	None	In Progress	Open Curriculum
