

# Northwestern Medicine Connect App

We're excited for you to experience the next generation of the NM Workforce app, now available on the App Store and Play Store as **Northwestern Medicine Connect**.

Download with link or QR code on your phone. The QR code and link work for both iOS and Android devices.

The app has new functionality designed for the general public, and also includes your favorite **employee-exclusive features** from the NM Workforce app, plus new features.

The Connect app is very convenient to download through the App Store or Play Store, and is easy to update as new features are made available for you.

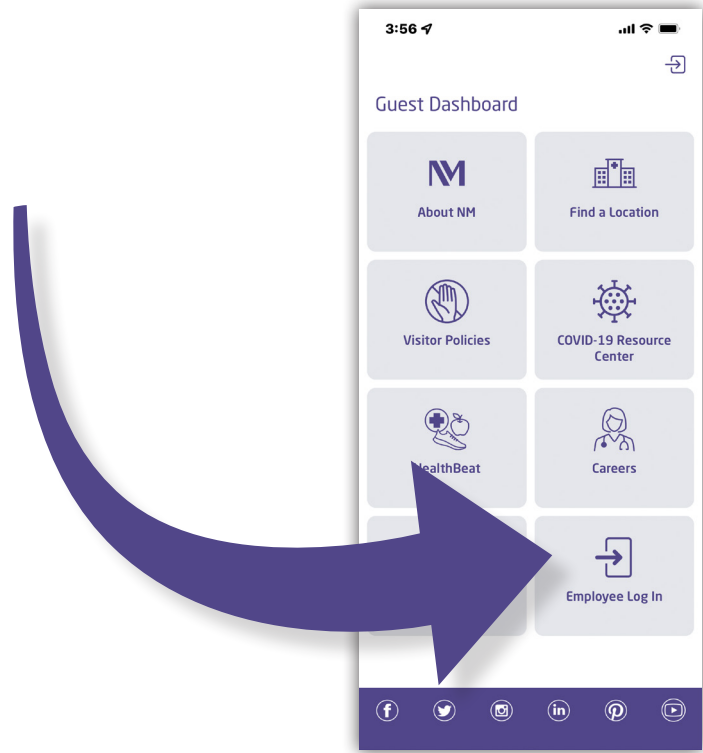

**Need Help Logging In or Password Reset?  
Call MyNM Service Center at 312.926.4357**

## Employee Log In

The app launches to the “Guest Dashboard” with features designed for the general public.

To access the employee-exclusive functions, tap the button in the bottom-right corner of the app screen, “**Employee Log In**”.

There is also an Employee Log In button in the top right-hand corner of the screen for easy access.

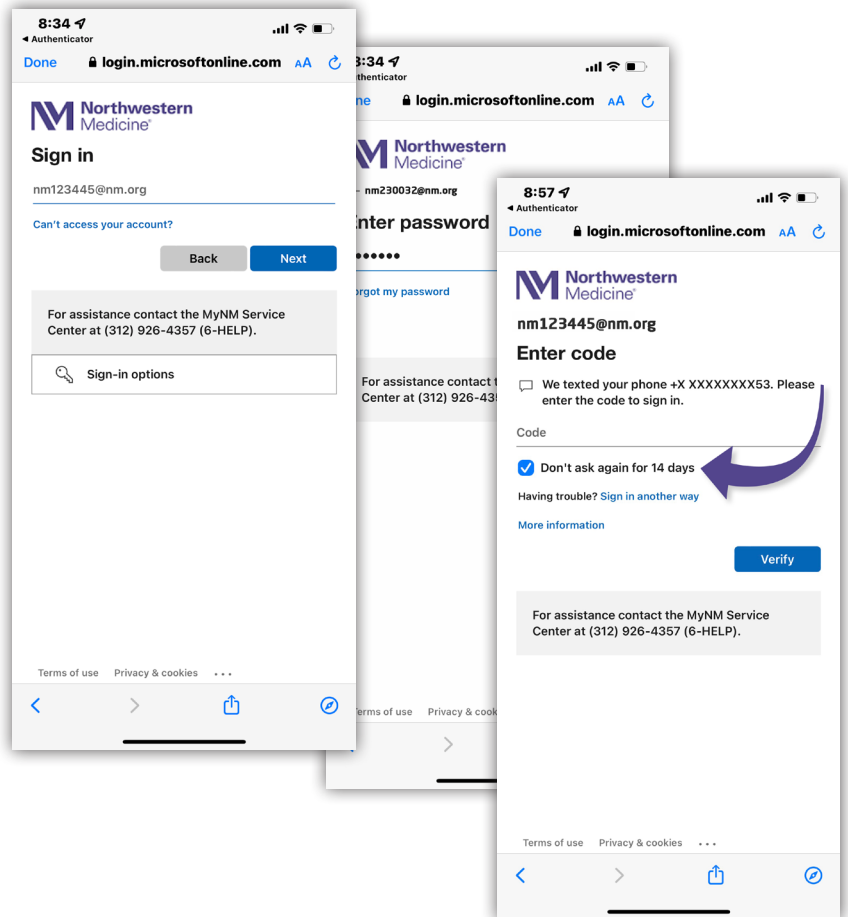

## Authentication

The app log in process is the same as we use to log into NM websites.

You will be required to log in again if you access any of the secure websites, such as “Your Pay”. A third login may be necessary for updates to taxes and similar functions. Multi-factor authentication is required.

You will have the option to avoid being prompted again for 14 days with the checkbox on the final page.
