Implicit Bias in Clinical Settings & Its Affect on Patient Outcomes

NWR Internal Medicine Grand Rounds

Presented by:

Asantewaa Ture, MD & Jacqueline Hairston, MD

Dr. Ture is an assistant professor of General Internal Medicine at Northwestern University Feinberg School of Medicine. She serves as associate program director for the Internal Medicine Residency Program with a focus on ambulatory curriculum and community engagement. Clinically, Dr. Ture is interested in patient-centered care coordination and management of acute and chronic adult illness.

Asantewaa Ture, MD

Dr. Hairston is a maternal-fetal medicine physician and assistant professor in the Department of Obstetrics and Gynecology at Northwestern University Feinberg School of Medicine. She currently serves as the medical director of diagnostic ultrasound, an associate residency program director and is the founder of Northwestern's Improving Black Maternal Health Open House.

Jacqueline Hairston, MD

Learning Objectives

- Define implicit bias and describe how unconscious attitudes can influence clinical decision-making.
- Recognize common forms of implicit bias encountered in healthcare environments and their impact on patient outcomes.
- Discuss how implicit bias affects maternal health.
- Review bias-reduction techniques to improve communication in practice.

Accreditation Statement

The Northwestern University Feinberg School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement

The Northwestern University Feinberg School of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity meets the IDFPR 1-Hour Implicit Bias Education Training Requirement for license renewal.

Session

Tuesday, November 17th

7:30 – 8:30 am
